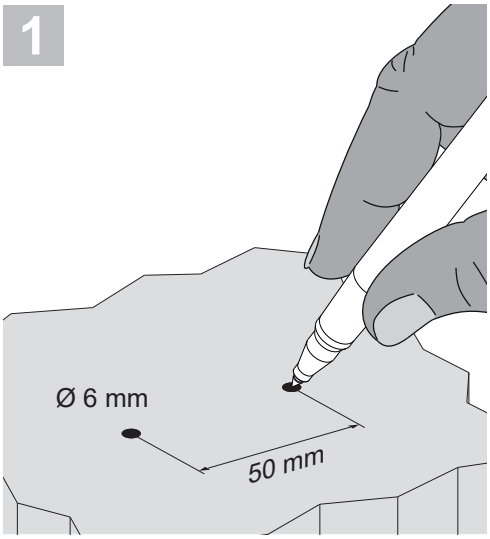
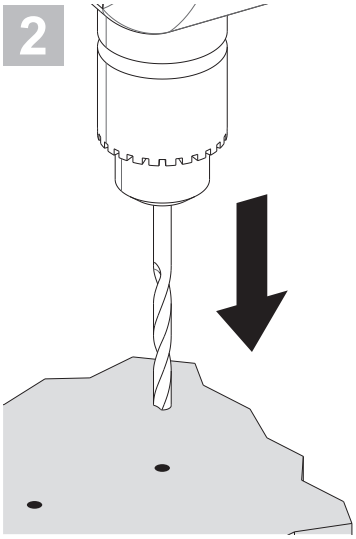
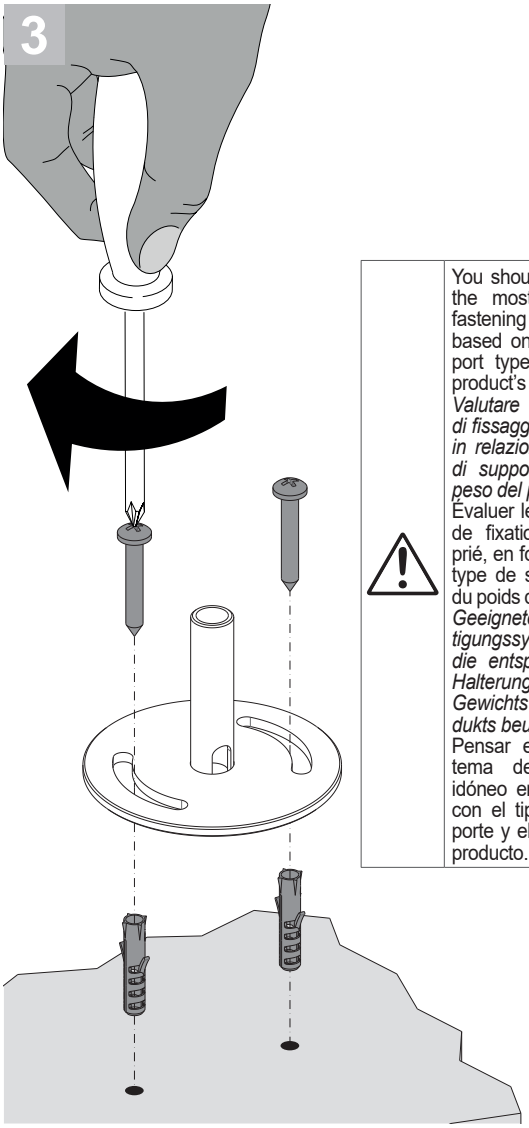
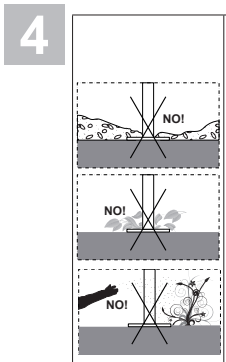
WDA33H - Anthracite / Antracite
WDA33T - Cor-ten / Cor-ten
WDA33I - Inox / Inox







You should assess the most suitable fastening system, based on the support type and the product's weight.
Valutare il sistema di fissaggio idoneo, in relazione al tipo di supporto ed al peso del prodotto.
Évaluer le système de fixation approprié, en fonction du type de support et du poids du produit.
Geeignetes Befestigungssystem für die entsprechende Halterung und des Gewichts des Produkts beurteilen.
Pensar en el sistema de fijación idóneo en relación con el tipo de soporte y el peso del producto.



Never cover the visible parts of the product. Any metal part must not be in direct contact with the ground or in contact with aggressive chemical elements (ex. fertilisers, herbicides, lime, aggressive cleaners).
Non coprire mai le parti in vista del prodotto. Nessuna parte metallica dell'apparecchio deve stare a contatto diretto con il terreno, o venire a contatto con sostanze chimiche aggressive (ad esempio concimanti, calce, detergenti aggressivi).
Ne JAMAIS couvrir les parties visibles du produit. Aucune partie metallique de l'appareil ne doit être en contact direct avec le terrain, ou venir au contact de substances chimiques agressives (ex: fertilisants, chaux, détergents puissants).
Die Oberseite der Leuchte muss IMMER frei bleiben. Mechanische Teile die nicht durch das Einbaugehäuse geschützt sind, dürfen nicht mit dem Erdreich oder agressiven chemischen Stoffen (z. B. Düngen, Kalk, starke Reinigungsmittel) Berührung kommen.
Ninguna parte metálica del aparato debe estar en contacto directo con el terreno o entrar en contacto con sustancias químicas agresivas (por ejemplo abonos, cal, detergentes agresivos).
